COMP5048 Information Visualisation

Items
1. Homework: optional, not assessed.
2. (VA) Group visualization assignment: create some visualizations
   • Today: Decide on data set, form a group, decide meeting times for group
   • Report (10 – 20 pages) due by Sept 17
3. (CP) Critical Participation
   • You need to attend class and participate, especially during the student presentations and
demos (Oct 8, 15, and 22). Participation will be measured by the questions that you ask.
4. (SA) Systems assignment: create a visualization system (perhaps as a plug-in to an existing
system)
   • Next week: I hand out details of what you have to do
   • Specification report due August 20 (1 page)
   • Presentation draft due October 5
   • Final report due October 29 (5 pages + code + presentation ppt)
   • Presentation and Demo in class on either October 8, 15, or 22.
5. (TE) Theory Exam
   • October 29, in class

Final grade = 0.4*VA + 0.05*CP + 0.55*max(SA, TE). That is, you need to do VA plus CP plus
either SA or TE.
